

Chapter 273

It took six years to escape.

In order to find Sanford, Xu's father and Xu's mother had to buy back Xu Zetong, who had just returned to China, at a low price.

Now, Xu Zetong is again responsible for the Xu Group.

However, Sanford's family was expelled by Arron to a foreign country, life and death unknown.

To say that Arron was able to find the foothold of Suzi and Sanford, Xu Zetong still has a credit.

The reason why Xu Zetong helped Arron was because he wanted to indulge in Arron and integrate into Arron's circle.

Want to completely occupy a place in Cloud City.

Moreover, Xu Zetong felt that it was not difficult for him to integrate into Arron's circle, because Sanford's wife was Kraig's cousin.

Based on this relationship, Xu Zetong was fortunate enough to participate in this gathering of the four brothers. When Xu Zetong had no topics to integrate into, the female companion next to him took the initiative to speak up.

Really deserves to be an international first-line movie star.

Ivy's every move is noble and Mingyan. Her interpersonal skills are still top-notch. If Ivy is not the wife's best friend, and the wife's natal family is strong, Xu Zetong would like to take this little star into the pillow. Up.

Under Ivy's reminder, Xu Zetong immediately got up and said warmly: "Come on, let me introduce to you, this is the leader of the Yuncheng business community, the youngest head of the Fu family, and the highest head of the Fu family. People, Mr. Arron, Mr. Fu.

Hello, Mr. Fu, this is the new international movie star, Miss Avril. "

Ivy politely raised her hand to shake hands with Arron generously.

Arron didn't move.

Ivy was a little embarrassed, but the embarrassment was just a flash. She is very good at finding herself a step down. She immediately stretched out her hand to Suzi next to Arron, "This lady said she was a wine girl? Miss, why do you keep your eyes on Mr. Xu? Do you regard Mr. Xu as your new target?" Ivy's words were pierced, and her eyes looked at Suzi arrogantly.

Suzi's eyes were still staring at Xu Zetong, unblinking.

She just stood beside Arron when she came in just now, and did not look up to see who is on the left and right. Anyway, it doesn't matter who it is, but at this moment when the man named Mr. Xu stood up to introduce him, Suzi It was discovered that this President Xu and Sanford looked very alike.

The circles of Suzi's eyes instantly turned red.

Arron also saw the strangeness of Suzi.

Moreover, Arron knew why Suzi's eyes were red, and Arron's face immediately became cold and solemn. His dark, deep eyes looked at Suzi sharply. Suzi did not notice, she still looked at Xu Zetong.

The air is stagnant.

The box became slightly silent.

Even Kraig, who has a mild temper, and Jiang Chenhe with a calm face, and Zhong Muzhan, who is slightly frizzy, looked at Arron and Suzi.

The women also looked at Suzi silently.

After all, Ivy is an international movie star who has seen the world, her lips twitched, and she thought in her heart, since she finally entered this circle, today is a good opportunity for her to show off.

Didn't it mean that Arron brought this woman here, but he was torturing this woman with thoughts?

Then she Ivy wanted to help Arron.

Let Arron have a good time.

Ivy smiled politely: "This lady, Mr. Fu was half an hour late today. Zhong mentioned earlier that Fu always fined 30 drinks. Since you are a lady, then You should drink all these thirty cups. You can't stare at a married man!"

Suzi took a mechanical look at Ivy, then looked at Xu Zetong, and asked in a quiet voice, "Mr. May I ask you...Do you know my brother?"

Chapter 274

Everyone was stunned as soon as the words were spoken.

Before everyone could react, Suzi rushed to Xu Zetong and asked in a trembling voice, "You...what is your relationship with my brother? Do you know where my brother is now? Where is my brother, he? Are you okay?"

Xu Zetong was shocked and backed away again and again.

If you say that in this box, you know the relationship between Suzi and Arron best than Xu Zetong.

Xu Zetong, who returned to Yuncheng, took the initiative to show his uncle and aunt in order to be able to cling to Arron. Then, when he eavesdropped on a chat between his aunt and uncle and Sanford, he finally learned of Sanford's hiding place. This allowed Arron to find Sanford and Suzi. .

How much Arron hates Suzi, Xu Zetong also heard about it from his uncle and aunt, so at this moment, when Suzi pounced on him, Xu Zetong immediately yelled in disgust: "What are you doing, a woman!

You ruined my cousin, do you still come to ruin me!

I tell you!

I am married!

My wife and I have a very good relationship, I don't get a woman like you! "

Suzi said in a daze: "Your cousin? My brother is your cousin? Do you know where he is?"

Xu Zetong snarled coldly: "You don't know where he is, so how do I know where he is? Don't you think he was killed by you? Since Mr. Fu has been caught back, I persuade you to keep yourself safe!"

Was killed by her.

She was captured by Arron.

Suzi's mind suddenly became sober. As soon as she turned her head, she saw Arron right behind her. Suzi looked at Arron with tears in her eyes: "Yes... I'm sorry, I was ashamed."

Yeah!

Suzi lost his temper. Seeing Xu Zetong just now, she suddenly thought of Sanford, Sanford was the only relative of Suzi when she lost her mother and Shanna and the child had not yet come to this world.

For more than a year, she and Sanford depended on each other for fate.

Sanford died for her nine deaths.

Now, he was exiled by Arron to a foreign country, not knowing where.

Arron's expression was extremely cold: "You are too bad!"

Suzi: "I'm sorry."

"Sit here!" Arron ordered.

Suzi obediently came to Arron and sat down obediently.

"Fu, what's the situation with you?" Zhong Muzhan finally couldn't help it, asked, and then said dissatisfiedly: "I brought it here today, but the person on the pillow who has been with me all the year round is equal to It's your second sister-in-law!"

As soon as Zhong Muzhan finished speaking, the enchanting woman beside him smiled slightly at Arron.

"There is also Lao Jiang." Zhong Muzhan said again: "This one next to Shen He is also rushing to get married, Lao Jiang?"

Jiang Shenhe nodded.

Zhong Muzhan looked at Kraig again.

Kraig raised his arms to the woman next to him: "My confidante, Dalia Du."

Zhong Muzhan looked at Arron again: "You said you, what did you bring? I have rarely come back in the southwestern border in recent years. They all say that your fiancée is Lanita, the granddaughter of Yuncheng Shu's grandfather.

.

Why didn't you take Lanita to take a look with us, but brought such a woman over?

You are asking her to serve us..."

Before Zhong Muzhan finished a word, Kraig was hit by his foot.
